LOCAL SUPPORT FOR TEXAS TROOPS

Deserving Soldiers Will Soon Receive Care Packages from the Austin Community

Austin – Stationed in Afghanistan, the sixty-seven men and women of the Texas Agribusiness Development Team IV can soon look forward to special care packages compliments of several individuals and organizations in the local community.

TX ADT-IV is comprised of soldiers from the Texas Army National Guard with backgrounds in the agribusiness field. The soldiers are stationed at the Forward Operating Base Ghazni in eastern Afghanistan and are commanded by Lt. Col Brian P. Stevens. As stated by Stevens, the goal of the TX ADT-IV is “to increase the capacity of the Afghan government to provide services to the Afghan people in a positive and sustainable way while increasing the agricultural and economic output of Ghazni province.”

This spring, the Lorenzana Law Firm, P.C. is among those contributing to the success of the drive. The spring 2011 care package drive for the soldiers is coordinated by Ruben Garcia whose son, SPC. Kevin Garcia, is a member of the TX ADT-IV. Mr. Garcia has been very pleased with the past success of the drive, stating that the Christmas Care Package drive was a “resounding success.” That drive provided each of the men and women of TX ADT-IV with a pair of Cabela’s Cold Weather Socks, instant cocoa, assorted candies, beef jerky, and a personalized Christmas card from the children of Garcia’s friends and church family.

For information on how to contribute to the care package drive, contact Noemi at (512) 990-9036.
